Name of company covered by this certification: BestWeb Corporation / BestWeb CLEC

Form 499 Filer ID: 826242

Name of signatory: Mark Dickey

Title of signatory: President

Certification:

I, Mark Dickey, certify that I am an officer of the company named above, and acting as an agent of said company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. See 47 C.F.R. S: 64.2001 et seq.

These procedures are summarized by the fact that all call record information is only provided to the address of record which is established in writing by the customer at the point of contract signing, or updated thereafter in writing by an authorized customer contact. The records can only be discussed when presented by the customer. No online access to the records is ever provided. If the customer expresses an urgent situation that requires immediate access to call records, BestWeb will contact the customer at an authorized telephone number of record and speak only to a known authorized customer contact.

The company has not taken any actions (proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission against data brokers) against data brokers in the past year.

The company has not received any customer complaints in the past year concerning the unauthorized release of CPNI.

The company represents and warrants that the above certification is consistent with 47 CFR § 1.17, which requires truthful and accurate statements to the Commission. The company also acknowledges that false statements and misrepresentations to the Commission are punishable under Title 18 of the U.S. Code and may subject it to enforcement action.
